Foreword

Within the scope of the mission laid down for student welfare in higher education, the Student Welfare Services of the Polytechnic Institute of Setúbal (SAS/IPS) have an accommodation service and offer the student community the Santiago Student Hall of Residence.

The Santiago Student Hall of Residence is primarily intended to accommodate students attending IPS Schools and aims at providing quality accommodation during the academic year.

Its operation is governed by the provisions set forth in these regulations, thus ensuring a pleasant environment characterised by sound social interaction, tolerance and mutual respect and providing all residents with the best conditions for study.

In line with the above, the Santiago Student Hall of Residence is a means through which the SAS/IPS contribute to ease students' integration and their academic success.
